One 4th grade class had the neat opportunity to hear a science lesson from Bro. Lonnie Moore about music and how God designed it to honor Him! They were able to sing some of the verse songs they've learned in Bible class and he even taught them one of his own verse songs!

## TEACHER HIGHLIGHT ANGIE SUTTON

Mrs. Sutton has been teaching at OCA for 23 years! She states that OCA has been a huge part of her life, especially since all three of her children graduated from OCA. Throughout her time at OCA, God has taught her the importance of faithfulness and reliance on Him. She has taught K3 and second grade as well as coached middle school and varsity basketball and volleyball. She loves building relationships with the students and their parents.

**IMPORTANT!**

The end of the quarter is fast approaching! Can you believe it? The quarter ends on October 11th. Report cards will be posted on October 18th. Check your Schoolworx account to see where your student is at, and reach out to your teachers soon!

At OCA, patriotism is very important. On 9/11 our 4th and 5th grade classes waved flags to passing cars in memory of those who lost their lives on that day. We are thankful for the classes' willingness to help the community remember!

It's that time of year! The Annual Mole Migration will be taking place in Chemistry this month. Be on the lookout for pictures in the next newsletter!
